

**Incident Name:** McLeod Fire Hit by Branch (2018)

**State:** Washington

**Date:** 8/21/18

**Incident Type:** Hit by Tree

**Description of the incident:**

Okanogan Wenatchee NF, Contract firefighter was spraying water on a hot spot of a tree when a branch from above the hot spot broke off and glanced the left side of the face, right wrist and right leg. Non-FS EMTs iced wrist and flushed eye. Contractor was taken by ambulance to hospital and was assessed by an eye specialist for scratches to eye.
