

**Incident Name:** Stewart Creek Fire Cardiac Medivac (2018)

**State:** Idaho

**Date:** 9/05/18

**Incident Type:** Medical or Exertion or Heat

**Description of the incident:**

Sawtooth NF. A USFS IHC firefighter showed signs of an apparent cardiac event with chest pains and shortness of breath. Patient was assessed by FS EMTs who called for life flight. An agency helicopter picked up the patient at a helispot, and transported him to a waiting air ambulance and then flown to hospital in Boise. Patient was admitted and has since been released.
